## Short Description

A deeply textured, dark-capped morel that captures forest mystique.

## Description

The Woodland Spire features the distinctive honeycomb texture of a true morel, capturing all the depth and richness of deep woods exploration. It's a symbol of hidden treasures and natural elegance.

## Appearance

Tall, spongy, pinecone-like cap in chocolate brown with a pale stem.

## Origin & Inspiration

Directly modeled after wild morel mushrooms, revered by foragers.

## Display Ideas

Excellent paired with moss, bark, or wood-textured objects.

## Symbolism

Discovery, intuition, and nature's secrets.

## Care & Handling

Lightly dust using compressed air or a soft bristle brush.
