

Forest Bloom

Brand: Woodland Oddities

Product Code: 1111110

Weight: 1.00oz

Dimensions: 1.00in x 1.00in x 1.00in

Price: \$29.99

Short Description

An ivory-toned mushroom with a blossoming, petal-like structure.

Description

Forest Bloom is nature's bouquet—an intricate tower of mushroom petals cascading outward in soft curls. Its soft beige coloring complements its gentle curves, creating a sense of motion and abundance. Ideal for anchoring a collection with presence and grace.

Appearance

Multiple stacked caps forming a layered, flower-like structure in pale ivory.

Origin & Inspiration

Loosely based on maitake (hen of the woods), with floral exaggeration for elegance.

Display Ideas

Use as a centerpiece or anchor in soft-toned or botanical-themed arrangements.

Symbolism

Fertility, growth, and harmony with nature.

Care & Handling

Clean with a soft brush. Avoid weight or pressure that could flatten the delicate folds.
