Short Description

A vibrant trumpet-shaped mushroom with soft golden tones and a natural, textured feel.

Description

Woodland Goldling glows with the warmth of a sunbeam through trees. Its fluted edges and gently dimpled surface feel organic and rooted in the earth. A beautiful, balanced specimen for those seeking authentic forest flavor in form and tone.

Appearance

Golden trumpet-shaped cap with vertical ridging and gentle irregularities.

Origin & Inspiration

Loosely based on chanterelles but made more textured and wild in appearance.

Display Ideas

Perfect for naturalist layouts or paired with moss and bark for forest immersion.

Symbolism

Light, resilience, and organic rhythm.

Care & Handling

Wipe gently with a dry cloth. Display in upright or laid-down form for variety.
