

# Curled Crown

**Brand:** Woodland Oddities

**Product Code:** 1111127

**Weight:** 1.00oz

**Dimensions:** 1.00in x 1.00in x 1.00in

**Price:** \$24.99

## Short Description

A frilly, coral-like mushroom with intricately curled edges and soft ivory tones.

## Description

Curled Crown mimics ocean coral in mushroom form, with undulating folds and finely ruffled edges. Its rich texture creates a striking silhouette from every angle, ideal for dramatic arrangements that lean into wild, organic forms. Understated in color but bold in structure.

## Appearance

Densely curled and clustered cap resembling sea coral; soft off-white color.

## Origin & Inspiration

Loosely based on the cauliflower mushroom (Sparassis), with exaggerated ruffling for flair.

## Display Ideas

Anchor it in earthy or forest-themed settings; ideal as a centerpiece with texture-forward companions.

## **Symbolism**

Complexity, uniqueness, and deep roots.

## **Care & Handling**

Handle gently from the base to avoid crumpling the delicate folds. Dust using a compressed air duster.
